

YOUSSEF GABER DIAB

SENIOR WORDPRESS & WOOCOMMERCE DEVELOPER

Tanta, Egypt | +20 155 001 2814 | dev.daibb@gmail.com

[LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Available for remote work and relocation to Saudi Arabia

PROFESSIONAL SUMMARY

Senior WordPress and WooCommerce Developer with nearly four years of specialized WordPress experience and more than five years across web content, digital operations, and technology. Delivered 63+ WordPress website projects across e-commerce, retail, furniture, food and beverage, pharmaceutical, and corporate sectors. Owns end-to-end delivery from requirements and UI implementation through custom development, integrations, testing, deployment, optimization, and ongoing maintenance. Strong in PHP, WooCommerce, Elementor, ACF, custom themes, plugin engineering, REST APIs, webhooks, performance, technical SEO, client communication, graphic asset optimization, domain and hosting configuration, SSL/TLS, and complex troubleshooting.

TECHNICAL SKILLS

WordPress Engineering: end-to-end builds from scratch, WordPress Core, Elementor, ACF, custom themes, child themes, hooks, filters, custom plugins and Progressive Web Apps (PWA)

WooCommerce and Integrations: store customization, checkout workflows, Corbit, WhySMS, EasyCash, MyFatoorah, Mada, cashier/POS systems, REST APIs and webhooks

Maintenance and Quality: website audits, complex bug fixing, theme and plugin troubleshooting, compatibility testing, responsive QA, UI and UX improvements

Web Development: PHP, HTML5, CSS3, JavaScript, Bootstrap 5, Tailwind CSS, Sass, React and Laravel

Tools and Methodologies: MySQL, SQL Server, Git, GitHub, SVN, Agile development workflows and reusable software design patterns

Hosting and DevOps: domain and DNS management, hosting setup, SSL/TLS, cloud storage, Linux, AWS EC2, S3, Docker, Jenkins and CI/CD

Design and Graphics: Adobe Photoshop, Canva, Figma, Adobe XD, graphic design, image editing and enhancement, UX and responsive UI design

PROFESSIONAL EXPERIENCE

Senior WordPress & WooCommerce Developer | Independent Projects | Egypt / Remote | Oct 2022 - Present

- Delivered 63+ WordPress website projects across e-commerce, retail, furniture, food and beverage, pharmaceutical, and corporate sectors.
- Owned complete project lifecycles using Agile development workflows and Git/SVN source control, while communicating directly with clients to gather requirements, present reviews, implement feedback, and provide post-launch support.
- Engineered responsive Elementor websites and custom WordPress themes with reusable ACF content structures for desktop, tablet, and mobile.
- Developed and extended WordPress and WooCommerce plugins and Progressive Web App (PWA) functionality using PHP, hooks, filters, REST APIs, webhooks, and MySQL.
- Built SMS integrations for Corbit and WhySMS and connected cashier/POS and payment workflows with EasyCash, MyFatoorah, and Mada-supported methods.
- Implemented custom WooCommerce conversion features, including sticky elements, delivery-information and estimated-time boxes, and cross-sell offers within side carts.
- Diagnosed complex theme and plugin conflicts, checkout failures, CSS inconsistencies, integration errors, and hosting or compatibility issues without disrupting live functionality.

- Configured domains, DNS, hosting, SSL/TLS, deployments, and cloud storage; prepared and enhanced web graphics in Photoshop and Canva; and improved page speed, technical SEO, UI consistency, and maintainability.

DevOps Engineer Trainee | Digital Egypt Pioneers Initiative (DEPI) | Egypt | Apr 2024 - Oct 2024

- Deployed Linux and AWS environments using EC2, VPC, S3, IAM, Docker, Terraform, and Ansible.
- Built CI/CD workflows with Jenkins and GitHub and practiced monitoring, access control, and infrastructure troubleshooting.

ADDITIONAL DIGITAL AND IT EXPERIENCE

Content Creator | East Tanta Media Website / Boreek El Hagar School | Tanta, Egypt | Feb 2021 - Present

- Produce website content, articles, campaign copy, graphics, and video scripts and conduct keyword research for search visibility.

Social Media Manager | Borg Alarab Technological University | Alexandria, Egypt | Nov 2023 - Nov 2024

- Planned multi-platform content, monitored engagement metrics, and refined publishing strategies based on performance.

IT Support Engineer | Ideaspace | Egypt | May 2023 - Aug 2023

- Supported software deployment, upgrades, connectivity troubleshooting, and end-user technical requests.

SELECTED PROJECTS

SMS Gateway Plugins | Corbit and WhySMS | WordPress / WooCommerce / PHP

- Developed plugin integrations connecting WordPress and WooCommerce events with external SMS delivery APIs.

Payment and Cashier Integrations | EasyCash / MyFatoorah / Mada / POS | WordPress / WooCommerce

- Connected online stores with payment, transaction, checkout, and cashier workflows.

Smart Filter Pro | WooCommerce Plugin | WordPress / PHP

- Developed a product-filtering extension to improve catalog discovery and store navigation.

Selected WordPress Website Portfolio | 63+ Projects | E-commerce / Retail / Corporate

- Selected work includes Gallery Elbayt Elturky, Elhout Store, Alosra, Oracle Pharma Egypt, Bridehome, BabyShoora, Falah Coffee, Kazzza Qatar and Oman, Lureva.shop, and Earthy Pottery.
- Delivered full website builds, Elementor page development, WooCommerce customization, responsive layouts, ongoing updates, and custom shopping-experience features.
